EXPERIENCE

Motive | ANDROID ENGINEER

Sept 2020 – Current | Bengaluru, India

- Leading the Kotlin Multiplatform efforts across the Android & iOS apps.
- Migrating the existing design system to Compose to drive better adoption
- Improved code coverage by 24% and reduced test times by 10%.
- Setup and managed the CI/CD pipelines for the Android and iOS apps.
- Improved maintainability & reusability of the codebase by breaking down 3 modules into 30+ modules, eventually bringing down build times by 30%.
- Launched 10+ user-facing features with 50k+ Monthly Active Users
- Improved performance by reducing the ANR rate from 1.7% to 0.02%.
- Mentoring engineers across teams.

Tickertape (Smallcase) | LEAD ANDROID ENGINEER

Dec 2018 – Sept 2020 | Bengaluru, India

- Lead the Tickertape Android team of 4 engineers and scaled the app to 1M downloads with a rating of 4.6
- Setup and maintained Android CI/CD pipelines using Bitrise
- Wrote custom Lint rules for better integration of design system
- Wrote a custom navigation stack to closely mimic Instagram's multi-tab navigation
- Implemented using MVVM architecture with Dagger 2 for DI and coroutines for multi-threading
- Contributed fixes to various Open Source libraries used in the app.
- Reduced build times by around 55%
- Improved code coverage by writing unit and Espresso tests

Hubler | ANDROID DEVELOPER

Sept 2018 – Dec 2018 | Bengaluru, India

Societe Generale | SOFTWARE ENGINEER

June 2018 – Sept 2018 | Bengaluru, India

WIOS Designs | ANDROID DEVELOPER

Feb 2016 - June 2018 | Bengaluru, India

PROJECTS AND OPEN SOURCE

Firefox Focus, Android Components

- Fixed the app shortcuts on the production variant.
- Made the app installable from the Samsung App Store.
- Fixed unit test and default app preference below Android N

Miscellaneous

- Contributed a memory leak and warning fixes to [Epoxy](#).
- Maintaining kotlin, maestro, ktlint and cocoapods at [nixpkgs](#)
- Make tasks cacheable at [dependency-analysis-gradle-plugin](#)

EDUCATION

B.E IN COMPUTER SCIENCE

VISVESVARAYA TECHNOLOGICAL UNIVERSITY

Bengaluru, India

Distinction (All Semesters)

ANDROID NANODEGREE
